## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 1-30, 32-37 are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance:

The closest prior art of record is U.S. Pat No. 3,622,995 to Dilks et al and U.S. Pat No. 6,112,185 to Walker et al.

Dilks et al disclose a system and method of finding flight data based on a customer's request and reserving said flight for passengers. The system also updates the flight availability data as reservations are placed for the flights.

Walker et al disclose a system that offers the customers the ability to purchase service upgrades at the desired prices offered by the customers when the service becomes available.

As per claims 1, the closest prior art of record taken either individually or in combination with the other prior art of record fails to teach or suggest a computing system that includes decision logic to produce a decision with respect to the actual seating availability of an airline's flight by comparing the predicted seating availability of a competitive flight to the airline flight to the actual seating availability of the airline flight. Claims 2-16 depend upon claim 1 and have all the limitations of claim 1 and are allowable for the same reason.

As per claims 17, 21 and 33, the closest prior art of record taken either individually or in combination with the other prior art of record fails to teach or suggest

Art Unit: 3628

comparing the predicted seating availability of a competitive flight to the airline flight to the actual seating availability of the airline flight and modifying the airline flight's seating availability if indicated by the decision. Claims 18-20 depend upon claim 17 and have all the limitations of claim 17 and are allowable for the same reason. Claims 22-30 and 32 depend upon claim 21 and have all the limitations of claim 21 and are allowable for the same reason. Claims 34-37 depend upon claim 33 and have all the limitations of claim 33 and are allowable for the same reason.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
